## PROJECTS

### PERSONAL PORTFOLIO
https://sreeragrajan.github.io

Visit my portfolio website, a dynamic showcase of my skills and projects created with HTML, CSS, JavaScript, and GSAP animations. This interactive online space reflects my passion for web design and development.

### NETFLIX HOMEPAGE CLONE
https://sreeragrajan.github.io/Netflix-Home-Clone

This project, created with HTML, CSS, and JavaScript, is a faithful recreation of the iconic Netflix user interface. It's a fun and educational project that demonstrates my web development skills and attention to detail."
